

CloudCore Enterprise Analytics Platform Proposal

Prepared for: Enterprise Global Procurement Review | Confidential RFP Submission Ref: CC-2024-991

Executive Overview

CloudCore provides an enterprise-grade, multi-tenant cloud analytics architecture built specifically for mission-critical procurement intelligence and automated decision support.

1. Technical Capabilities & Platform Architecture

CloudCore delivers full enterprise REST API and GraphQL endpoints, webhook event streams, and real-time data ingestion pipelines. Single sign-on is supported natively via SAML 2.0 and automated SCIM 2.0 user lifecycle management with Okta and Azure AD.

Developer Sandbox: Dedicated pre-production developer sandbox tenant is included in the base platform subscription for API testing.

2. Information Security, Compliance & Data Sovereignty

Security Certification: CloudCore maintains active SOC 2 Type II certification audited annually by Ernst & Young, covering security, confidentiality, and availability principles.

ISO 27001 Certification: CloudCore holds certified Information Security Management System under ISO/IEC 27001:2022 standards.

Encryption Standards: All customer data is secured with AES-256 encryption at rest and TLS 1.3 encryption in transit with customer-managed KMS keys.

Data Residency Guarantee: Customer production data and backups are hosted in US AWS regions (us-east-1) with EU (Frankfurt) tenant isolation available.

Service Level Commitment (SLA): CloudCore guarantees 99.95% production uptime availability backed by contractual service credits.

3. Commercial Pricing, Fees & Contractual Terms

Implementation & Setup Fee: \$45,000 fixed-price onboarding package including full custom integration, data migration, and administrator training.

Annual Base License: \$160,000 per year enterprise subscription for 1,000 named users.

Annual Support Fee: \$25,000 per year for 24/7 Platinum Tier Dedicated Technical Account Manager.

Price Escalation Policy: Fixed 0% annual escalation guarantee across the entire 3-year term. Year 2 and Year 3 fees remain strictly identical to Year 1.

Liability & Legal Protections: Vendor aggregate liability is capped at 12 months of total fees paid under this agreement.

Contract Renewal & Notice: Agreement auto-renews unless written notice of non-renewal is provided at least 30 days prior to term expiration.
