

Vertex Systems Enterprise Solution Proposal

Submitted for Global Procurement RFP Evaluation | Confidential Commercial Proposal Ref: VX-2024-402

Executive Summary

Vertex Systems is a global provider of data infrastructure and procurement workflow acceleration technologies.

1. Technical Architecture & Platform Integrations

Vertex delivers native REST API interfaces, enterprise webhooks, and SAML 2.0 SSO identity federation.

Developer Environments: Production and sandbox staging tenants are available upon request as an additional infrastructure tier.

2. Information Security & Compliance Framework

Security Certification: Vertex maintains full SOC 2 Type II certification audited annually by KPMG.

ISO 27001 Certification: Vertex holds current ISO/IEC 27001:2022 security compliance certification.

Data Encryption: Standard AES-256 encryption at rest and TLS 1.3 in transit across all multi-tenant nodes.

Data Residency: Customer production data is hosted in United States data centers with optional EU Frankfurt tenant data storage.

SLA Commitment: Guaranteed 99.5% uptime SLA with standard service credit remedy.

3. Commercial Pricing, Escalation & Liability Terms

Implementation Fee: \$35,000 estimated onboarding fee based on Time & Materials engineering services.

Annual Base License: \$140,000 per year base platform subscription tier.

Annual Support Fee: \$20,000 per year enterprise support tier.

Terms of Renewal & Escalation: Upon the anniversary of the Effective Date, and annually thereafter, the base recurring fees for all licensed software and managed services shall be subject to an automatic 7% annual escalation, applied to current rates immediately preceding renewal date.

Limitation of Liability: Vendor total aggregate liability arising out of or related to this Agreement shall be limited to fees paid during the prior 3 months.

Term and Termination: This contract shall automatically renew for successive 36-month terms unless either party gives written notice of termination at least 90 days prior to the expiration of the then-current term.
